Topic : *And one day, while you do not really expect, life introduces you to someone. «Nothing really special» you may think. « Let's go for a ride and we'll see »...how some years after you are still side by side. Let's keep it simple, funny and easy going.*

Tara rarum dau

In the mountain
He was hiking
Such a sunny day
Then I smiled at him

In the mountain, found this little Boy on my way
He was hiking and life told me to stop and smile at him
So I stayed for a while

Tau tau tau

Such a sunny day, we did not care about what people said
Really funny, the blue eyed Boy was really kind to me
So we went for a ride

And everyday it's new day, we're not the same, we change
Sometimes afraid, sometimes ashamed, this is only a game, Honey !
We're feeling bad, we're feeling down... we're feeling great always !
Cause we're made of Love !
We're rooted in Love !

In the mountain...
He was hiking....
Such a sunny day...
Then I smiled at him, and we're still on the ride...
My oh, my... it feels so fine...
Here we are side by side !
